## March 2017

**February 23<sup>rd</sup> – 25<sup>th</sup>**

### **8<sup>th</sup> Annual National PAL & Howell PAL Youth Leadership Conference in Washington, D.C**

Youth from Howell Township & around the country gathered in Washington D.C to discuss important and vital keys to leadership and how they can implement them in their community. Friday morning was spent rotating through different classes, including presentations from the Tesla Foundation, L.O.V.E YOUTH, and TSA & Homeland Security Personnel. After lunch, the youth received a unique opportunity to communicate and ask questions to police chiefs around the country. Howell's very own Police Chief Andrew Kudrick was on the panel. At night, the youth participated in a fun and challenging competition put together by our Howell PAL Youth Leadership Club Board!

On Saturday, one of Howell PAL's own alumni Toni Gingerelli had a unique presentation with close friend Priya, challenging the kids to select one of the many goals the United Nations works towards, and come up with a plan to reach the goal in their own community. They then presented how to fund, market & implement the plan. Following them was a presentation from PIC regarding mentoring, and how to transition from a mentee to a mentor.

Overall, our Youth left inspired and ready to make big changes in their own community!

I found some good form at the end of the season and I am determined to reestablish that form this year, help the team get to the playoffs, and raise the USL trophy again. This will be a new year, a new team, and I'm looking forward to it,"* - Chris
