

Creative Sign Language Kids & Teens (Ages 7-13) CECC-223-01

Days and Times:
9/23-12/2
Saturdays
10am-11am
(No class on 11/25)

Learn to communicate with ASL!

During this 10 week course, students will learn major concepts of this visual language, as well as how to hold a basic conversation and express their interests. They also will learn the core values of Deaf culture and gain an appreciation and understanding of the Deaf community. By the end of the 10 weeks, students will be able to discuss their favorite holidays, animals, colors, family members, and what they aspire to be when they grow up. Whether you have a family member or friend who communicates with ASL, or just want to learn to sign, come take part in this fun-filled learning experience!
