The Howell Township Board of Education operates in a robust committee structure. Agenda items have been presented and evaluated in the committee format, or vetted administratively, prior to the Superintendent making the recommendation to the Board of Education. In the committee process and subsequently, the members of the Board work with the administration and the Superintendent of Schools to assure that they fully understand the matter. Committee Chairs then make full reports to the Board prior to action being taken. In rare instances, matters are presented to the Board of Education for broader discussion at the same meeting where final action may be taken.
