EMPLOYMENT PRACTICES

Discrimination Prohibited

The Board of Education will take positive steps to employ and advance in employment qualified handicapped/ disabled persons in programs assisted under the Act. Employment Criteria

Regulation

No. 1050

BOARD OF
EDUCATION
HOWELL TOWNSHIP

OBJECTIVES

The Board of Education and its administration will not use any employment test or other selection criterion that screens out or tends to screen out handicapped/disabled persons or any class of handicapped/disabled persons unless the test score or other selection criterion is shown to be job-related for the position in question and alternative job-related tests or criteria that do not screen out as many handicapped/disabled persons shown by the Coordinator to be available. The Board of Education and its administration may select and administer tests concerning employment so as to best ensure that when administered to an applicant or employee who has a handicap/disability that impairs sensory, manual, or speaking skills, the test results accurately reflect the applicant's or employee's job skills, aptitude, or whatever factor the test purports to measure, rather than reflecting the applicant's or employee's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure).

Pre-employment Inquiries

Except as provided for in this regulation and the Rehabilitation Act, the Board of Education and its administration, will not conduct pre-employment medical examination and will not make pre-employment inquiry of an applicant as to whether the applicant is a handicapped/disabled person or as to the nature or severity of the handicap/disability. The school district may make pre-employment inquiry into an applicant's ability to perform job related functions.

When the Board of Education is taking remedial action to correct effects of past discrimination or to overcome the effects of conditions that resulted in limited participation in its federally assisted program or activity, as provided for in the Rehabilitation Act, or when the Board is taking affirmative action pursuant to §504 of the Rehabilitation Act, the Board may invite applicants for employment to indicate whether and to what extent they are handicapped/disabled. This is permitted provided the Board states clearly on a written questionnaire or makes clear orally if no written questionnaire is used that the information requested is intended for use solely in connection with its remedial action obligations or its voluntary or affirmative action efforts and the Board states clearly that the information is being requested on a voluntary basis, that it will be kept confidential, that refusal to provide information will not subject the applicant or employee to any adverse treatment, and that the information will only be used in accordance with this part of the Regulation and applicable section of the Rehabilitation Act.

The Board of Education may condition an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty provided that all entering employees are subjected to such an examination regardless of handicap/disability and the results of such an examination are used only in accordance with the requirements of the policy, regulation and the Rehabilitation Act.

Information obtained in accordance with pre-employment inquiries as to the medical condition or history of the applicant will be collected and maintained on separate forms that will be accorded

confidentiality as medical records. Supervisors may be informed of restrictions on the work or duties of handicapped/disabled persons and any reasonable accommodations. First aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment. Government officials investigating compliance with the Rehabilitation Act shall be provided relevant information upon request.

An appropriate education is the provision of regular or special education and related aids and services that are designed to meet individual educational needs of handicapped/disabled persons as adequately as the needs of nonhandicapped/nondisabled persons are met and are based upon adherence to procedures that satisfy the requirements of this regulation.

The school district may place a handicapped/disabled person in or refer such person to a program other than the one it operates as its means of carrying out the provisions of this regulation and IDEA. The school district continues to maintain responsibility for ensuring the requirements of this section are met in respect to any handicapped/disabled person so placed or referred.

A free appropriate public education must be provided to handicapped/disabled person without cost to the handicapped/disabled person or to his/her parent(s) or legal guardian(s), except for those fees that are imposed on nonhandicapped/nondisabled persons or their parent(s) or legal guardian(s). If the handicapped/disabled person is placed in a program not operated by the school district the school district will ensure adequate transportation to and from the program and it shall be provided at no greater cost than would be incurred by the person or his parent(s) or legal guardian(s) if the handicapped/disabled person was placed in the program operated by the school district. If a public or private residential placement is necessary to provide a free appropriate education to a handicapped/disabled person because of his/her handicap/disability, the program, including non-medical care and room and board shall be provided at no cost to the person or his/her parent(s) or legal guardian(s).

Educational Setting

The school administration will place a handicapped/disabled person in the regular educational environment within the school district unless the school district demonstrates that the education of the handicapped/disabled person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. The administration will consider the proximity of any alternative setting for handicapped/disabled persons to the person's home. The Board will ensure that handicapped/disabled persons participate with nonhandicapped/nondisabled persons in such activities and services to the maximum extent appropriate to the needs of the handicapped/disabled person in question.
