Physical Examination

2. The employee shall submit to health screenings which shall include his/her:
 - a. Height and weight;
 - b. Blood pressure;
 - c. Pulse and respiration rate;
 - d. Vision screening;
 - e. Hearing screening.
3. Health screening shall also include a Mantoux test for the presence of tuberculosis infection.
 - a. A newly employed member will be exempt from the Mantoux test if he/she presents satisfactory documentation of a test:
 - (1) Administered in a New Jersey school district from which the member has transferred, or
 - (2) Administered in any place within the six months previous to the member's initial employment in this district.
 - b. Procedures for the administration of the Mantoux test, interpretation of reactions, follow-up procedures, and reporting shall be conducted in accordance with the guidelines issued by the State Department of Health and titled School Tuberculin Testing in New Jersey.
 - c. If the results of the Mantoux test so indicate, the employee shall be referred for a chest X-ray and medical evaluation to determine the presence of tuberculosis at the employee's expense. The employee shall submit the report of the X-ray and evaluation to the school physician. If the school physician does not receive the report within four weeks of the referral or is unwilling to accept the findings of the report, he/she may direct the employee to submit to a chest X-ray examination at Board expense, the results of which will be reported directly to the school physician.

- d. An employee who presents a physician's or nurse practitioner's documentation, acceptable to the school physician, showing significant tuberculin reaction and a subsequent negative chest X-ray will be exempt from the Mantoux test.
4. A medical evaluation that shall be limited to those assessments or information necessary to determine the employee's physical and mental fitness to perform with reasonable accommodation in the position which the employee seeks or currently holds and to detect any health risks to pupils and other employees. The employee's medical evaluation shall include, but not be limited to, a record of immunizations. Guidance regarding immunizations for adults may be found in "Adult Immunization: Recommendations of the Immunization Practices Advisory Committee (ACIP)", available from the Immunization Program, Centers for Disease Control, Public Health, U.S. Department of Health and Human Services, Atlanta, Georgia 30333.
5. A teaching staff member may provide health status information, including medications, which may be of value to medical personnel in the event of an emergency requiring treatment. The staff member may also choose to share with the Principal and, if desired, with the certified school nurse, information regarding current health status to assure ready access in a medical emergency.

C. Health Records

1. All employee medical records, including computerized records, shall be secured, and shall be stored and maintained separate from other personnel files.
2. Only the employee, the Superintendent, and the school physician shall have access to the medical information in that individual's file.
3. The portion of the employee's medical record containing a health history may be shared with the Principal and the school nurse with the consent of the employee, as provided in B.5. above.

D. Employees' Physical Examination and Medical Updates

School employee physicals, examinations and/or annual medical updates shall not require disclosure of HIV status.
