### 3218 SUBSTANCE ABUSE

The Board of Education recognizes that chemical dependency is an illness which is preceded by the misuse and/or abuse of alcohol, anabolic steroids, and other drugs. The Board recognizes that the use/misuse of alcohol, anabolic steroids, and other drugs, and the problems associated with it, are becoming increasingly commonplace in today's society. It is generally accepted that alcoholism and other chemical dependencies are illnesses that can be treated successfully if they are identified as early as possible, and if appropriate treatment is promptly instituted. The Board believes that the therapeutic approach to the problem is more effective than one which is solely punitive in nature.

For purposes of this policy, "substance" shall mean:

1. All controlled dangerous substances as defined and prohibited in New Jersey Statutes and Codes;
2. All chemicals which release toxic vapors as defined and prohibited in New Jersey Statutes and Codes;
3. All alcoholic beverages; and
4. Anabolic steroids.

#### Standard of Conduct

The Board clearly prohibits the unlawful possession, use, or distribution of illicit substances, drugs, alcohol, and/or anabolic steroids on school premises or as part of any of its activities by any employee of the district as well as reporting to the workplace under the influence of any illicit substances, drugs, alcohol, and/or anabolic steroids. Compliance with this standard of behavior is mandatory.

The Board will make every effort to educate its employees regarding the misuse of illegal substances, alcohol, drugs, and anabolic steroids. Further, the Board will assist and provide guidance to an employee who is having a problem concerning the abuse of these substances on how to receive additional help and counseling.
