

Connecting a home printer to a student laptop

1. Click on the **Apple** symbol on the top, left-hand corner. Then, click **System Preferences**.

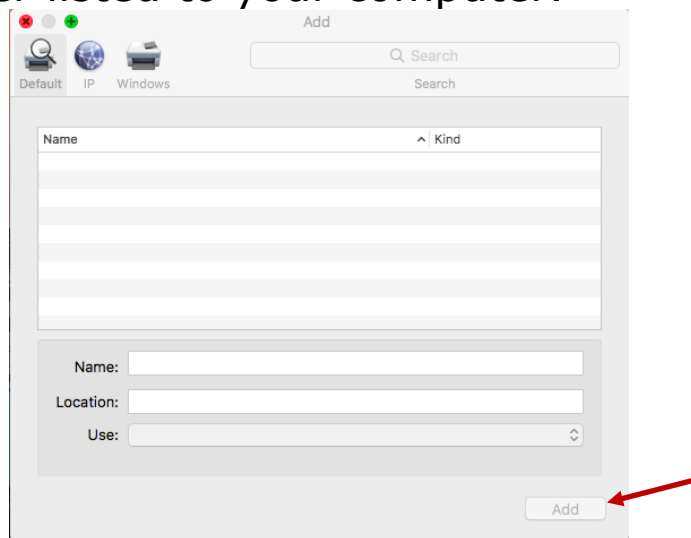

2. Click on the **Printers & Scanners** icon.

3. Click the plus “+” sign to add the printer. (You may have to hit **Add Printer..** after clicking the plus sign)

4. A new window will open. Click on the printer you want and **Add** the printer listed to your computer.

5. Once you **Add** the printer to your computer and it should appear in your printers list.
