

Parent Portal Opening Schedule

IMPORTANT: Please make sure you know your login information prior to the day of the Parent Portal opening. This will help minimize wait time for individuals in need of assistance. If you do not remember your username and password, you will need to click on the Forgot Username and Password link on the Parent Portal once it opens or follow the username and password [retrieval directions](#).

We encourage parents to maintain their username and password for the Parent Portal as pertinent information, surveys, and student data is accessed and disseminated through the Parent Portal. The login that you used a few weeks ago to complete the survey to select your child’s instructional environment are the same credentials that you will utilize to access the Parent Portal to retrieve scheduling information when the portal opens on September 1st.

Parents may access the Parent Portal via the district or school websites, under the Parents menu or by clicking on this [Parent Portal](#) link. Parents who need to create a log-in to access the Parent Portal, must read and complete the Parent Portal [account setup instructions](#).

If you need assistance, please contact your student’s school. The Parent Portal will open based on the times listed in the table below. Parents will be able to access their student’s homeroom assignment, schedules, cohort environment and bus information on Tuesday, **September 1st**.
